Message from The Director

Indian stock market Sensex has crossed 50K! Our classes, placement, conferences and all other knowledge creation and dissemination activities in the campus have reached normal. In some areas we have been doing much better than the pre-Covid level, with the newly acquired technology and skills. Most importantly our stakeholders like 'Toastmasters International', 'TEDx', and Experts from the corporate are again back to normalcy. Manufacturing including Automobile industry, Service sector, FMCG and all other sectors are operating with optimism.

We started 2021 with a big bang. Nations leading Newspaper 'Times of India' adjudged ABBS as one among the top best 50 B Schools in the country, in February, 2021. I whole heartedly welcome 2021 batch MBA students with buoyancy. I am sure by the time your batch passes out in the year 2023, India would be at its best. Joe Biden, the President of America, while talking to an Indian-American lady NASA Engineer said "Indian Americans are taking over US". What a complement! Wish this will come true, in letter and spirit.

In the recorded human history, no 'virus' has won against man. We shall work with great optimism and make difference to our State, Nation and World as a whole and find our individual best.

Looking forward to work with ambitious young minds!

Dr H. R. Venkatesha
Director, MBA

Dr H. R. Venkatesha is Director, MBA at ABBS. Armed with a MCom, an MBA and a PhD, he holds over thirty years of teaching experience at some of the most prominent universities in India.

COVID-19 Response

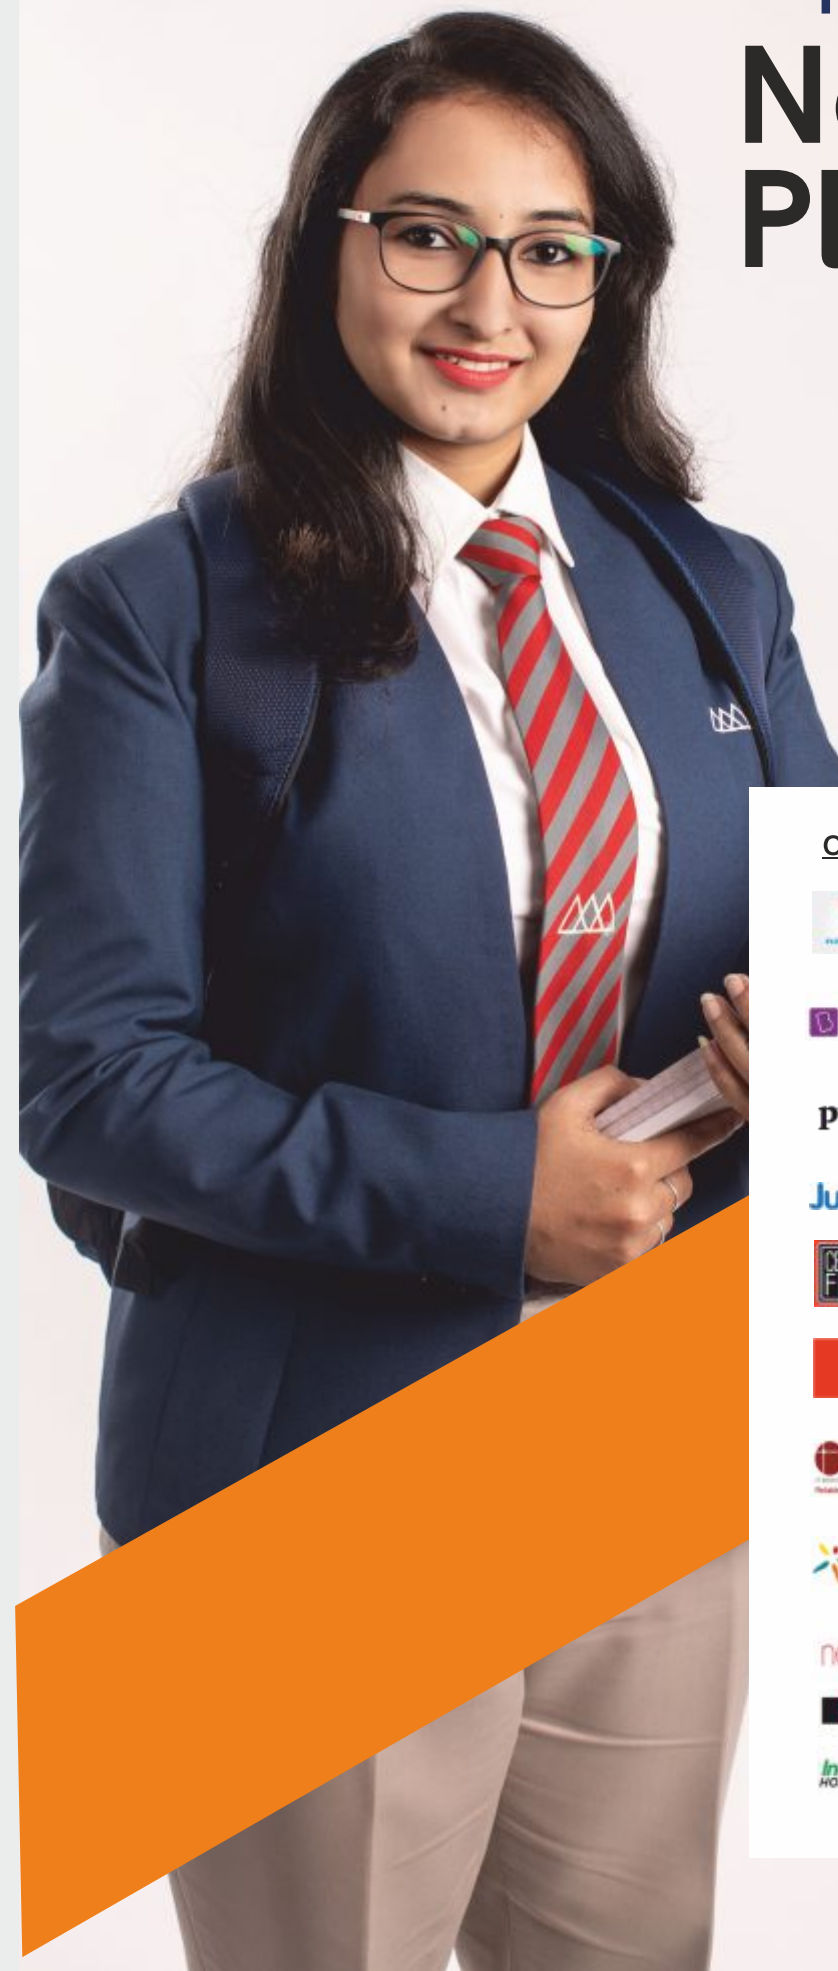

At ABBS, the level of preparedness and adaptability during the Covid 19 pandemic has been as per the WHO, AICTE and Government regulations. The challenge of keeping students, faculty, and staff safe from the corona virus disease 2019 (COVID-19) pandemic has been addressed at a war footing. Compliance with mitigation strategies, such as use of masking, social distancing, and hand hygiene have been strictly implemented. The Institute is ensuring dissemination of information related to the pandemic so that people can make more informed decisions.

Some of the mandatory practices include:

- ✓ Universal entry screening: Testing all students before arrival on campus;
- ✓ Phased universal screening: Pre-arrival testing paired with a follow-up test,
- ✓ Scheduled screening, and testing of the entire campus population.
- ✓ The entire infrastructure including the institute vehicles are regularly cleaned and disinfected.
- ✓ At every essential points sanitizer on foot pedal stands have been installed to reduce direct contact.
- ✓ The faculty and staff log in has been replaced with face recognition log in to reduce contact with surface
- ✓ Posters depicting essential practices are displayed across the campus to increase awareness.
