MESSAGE FROM PLACEMENTS OFFICE

At the outset I extend my warm welcome to you all who will be joining our institution in the coming semester of MBA or PGDM. The modern educational world is reverberating with waves of innovation all around the world. In this dynamic milieu, it is mandatory that the young minds of our country be nurtured, hone their skills and encouraged to be placed at the highest pinnacle of success. ABBS is one of the institutes that has evolved with time to be at par with the global educational world.

Post Covid-19, the business environment has become more complex and unpredictable than ever before. Thus, broadening horizons and enhancing skills is a key element of any teaching-learning process. To overcome increasingly multifaceted challenges, we, at ABBS, strive to develop competent managerial human resources for the Industry, who are ready to take on the challenges of the ever-changing corporate environment with elevated integrity & high degree of personal conduct.

ABBS believes in Dedication, Determination, Discipline & Efforts. We nurture our students to be emotionally intelligent through inculcating human values and professional ethics so that they surpass competition and excel better than the best. Our Syllabus, Academic inputs, Corporate Lecture series and Pre-Placement activities enable building foundation & thought process for a successful Corporate Career of a student.

The trust and the confidence of the Corporates that they have shown to our Institute has enabled us to achieve the highest degree of Placements. I strongly believe that you, choosing this Institution for shaping your career would be a wise and welcoming decision and am fully confident that you will thrive yourself to be future leader of the corporate world and a nation builder of the Young India.

At the end, I wish you all a bright prospect through interaction with your experienced teachers so as to enable you to imprint a hallmark in your career. I wish you all the very best in all your future endeavors.

BIJOY DAS, *Head-Placements & Corporate Relations, ABBSOM*

**“Climb the peak and
be the one to
leave the trail to let
others follow you”**

Leading the Way for Tomorrow's Leaders.

PGDM PROGRAM

Keeping in mind the best practices followed by B-Schools across the country and the globe, ABBS School of Management follows a trimester module. The PGDM program is designed to increase the 'employability factor' of all students with a specialized focus on communication, community impact and student driven research. Internationalization is key in bringing out new perspectives and bridging cultures. Students visit our partner universities across Europe and Asia for an enriched learning outcome.

The academic governance is very transparent and provides for total autonomy and innovation in making the learning more meaningful and useful. The industry and academic interface is very close and continuous in the overall activities. ABBS endeavors to not only to teach management education by aligning different andragogy and continuous assessment techniques but also to assure effective learning by students.

CAMPUS TO COMMUNITY

“Campus to Community” is a community engaged learning program that combines hands-on service work with reflection. Through service work, students challenge social issues, build skills and gain practical experience. Students then reflect to learn about themselves and the communities they work in. C2C is an internship program that offers hands-on experience to students on issues pertaining to the environment. The motto is to create intellectual ambassadors. C2C is a platform which strives to quest solutions or alternatives to the existing problems. Students will be assigned tasks on projects related to development in various sectors including urban and rural development, water and power supply, sanitation and waste management, women and child issues, and more. Students are expected to work on ground to understand the issues at their very depth before attempting to address the problems on hand. This will create the foundation for informed and experienced young leadership which our country needs.

Bangalore is no alien to issues. Once a garden city, now a garbage city. Once a city that was admired for its beauty now that has lost its charm. The city has lost its eco-balance. To overcome these issues, Campus to community, an internship program was initiated by Students for Development aiming to engage students from campuses in community activities.

ABBS students will be used as resources to conduct surveys in the city. This would help the students to give them a hands-on experience and knowledge of the BBMP functions and ward offices. Team Leaders lead Campus to Community participants through their engaged-learning experience - connecting both ABBS students and local change-making organizations. Non-profit organizations, social service organizations and government service offices will partner with ABBS Campus to Community Programs.

INDUSTRY INTERNSHIP PROJECT(IIP)

PGDM students complete their core and electives courses and then they are required to undertake IIP for a minimum period of 3 to 4 months in an Industry. IIP is a part of well- designed academic curriculum architecture and it is a mandatory academic practical course. This IIP will carry nine credits and each student has to undergo and secure the minimum prescribed marks to be eligible to obtain the PGDM degree. It is a compulsory and mandatory course leading to the culmination of completion of PGDM academic program. The objective of this course is to provide practical and applied experience to the students in here al- industry situation. They get an opportunity to apply the core and conceptual learning in solving some of the actual issues concerning the business in an experiential manner. IIP course is normally scheduled after completion of five terms and it is tentatively in the MID/END of January. IIP is treated as sixth term. The students can continue to undergo two more courses in the last sixth term along with the IIP. The students will undergo IIP under the guidance of two Guides; one from the Faculty and another one from the Industry mentor of the concerned industry where they are pursuing IIP.

IIP AND PRE-PLACEMENT

IIP has been designed to achieve two main purposes and to meet the objectives of all the stakeholders. It is a primary and main academic requirement. Further, Industry is looking for competent and capable candidates to join their organization. The students are also looking for a suitable placement and hence this scheme meets the dual purpose to the mutual benefit of both the students and the business organizations. The students are therefore advised and encouraged to do an effective IIP and try to convert the same to a pre-placement offer.

Students visit industries and attend workshops in Dubai (February 2021)

MAJOR RECRUITERS

STUDENT TESTIMONIALS

ABBSSM, propelled my thought process and skills to the next level. I thank the institute for providing me with strong base for not only in professional growth but also in personal and integrated growth.

Pareek Maya Gangadhar

Batch of 2017-19
Junior Social Media Consultant
Unicef

The faculty members of ABBS-SM are very helpful. They took time to explain course subjects and were very supportive of the students, like me, who needed extra help. This helped me excel in my first job.

Nathala Santhosh Reddy

Batch of 2016-18
Relationship Manager
HFFC

The biggest thing for each management student is to get an opportunity to start their career with known brands and a good salary package. I was lucky enough to get placed with Accenture with a good salary. The live- projects undertaken as a part of the co-curricular activities in ABBSM helped me realize my potential.

Patel Reena Gangji

Batch of 2017-19
Business Operations Associate
Accenture

How to make profit is what every business school will teach, but, at ABBS-SM, I learned how to create an impact. The campus to community course, tilted my perspective of how I should behave as a manager, as a team leader, but above all, as a human being, who should be kind, benevolent and be grateful for what they have. A small gesture of help can go a long way and that was my learning.

Mehel Galhotra

Batch of 2017-19
Asst. Manager - Marketing
Sudarshan Chemicals Ltd.

Amidst the state-of-the-art infrastructure, accompanied by experienced and intellectual faculty members, I was fortunate enough to see the pinnacle of our skills and competence. The learner centric environment not only trained me in academic curriculum but also motivated me. An exposure to a host of international and national academic and corporate practitioners, expanded my horizon of knowledge and made me curious to learn something new each day.
