PLACEMENTS REPORT

(BATCH 2020-22)

OVERVIEW

The placement season for the batch 2020-22 was indeed a sign of Industrial recovery from the pandemic. The season showed rapid growth in terms of pace post a couple of initial hiccups.

The placements season showered windfall of opportunities for our fresher's as well as experienced candidates resulting to 95% of our students getting placed by end of January, 2022. This would be the 2nd consecutive year that our campus placement drive got concluded early when compared to previous years.

This season, 16% of our students landed with multiple job offers representing companies across different industries, maintaining this unique tradition at KIAMS.

Out of the 75 participating companies, 17 new corporates showed massive interest on our students which eventually amounted to 22% contribution. Looking at the sector-wise offers made to our students, Research and Consulting recruited 42% followed by BSFI sector with 13% of the offers, IT & ITES sector 7%, Manufacturing sector 5%, FMCG / Consumer Durables 13%, Retail 9%, and Other sectors constituted 11% of the offers.
