The IMI Legacy

Established in 1981 with a campus in New Delhi, International Management Institute (IMI) was India's first corporate sponsored business school. During its inception, IMI was backed by prestigious corporate houses like RPG Enterprises, Nestle, ITC, SAIL, Tata Chemicals, BOC and Williamson Magor. IMI Delhi, which is located in the Qutab Institutional Area, has been among the leading B-schools for more than three decades and is today a global institution. It was established in collaboration with IMI Geneva (now IMD, Lausanne). Later in 2010, two more campuses came up in Kolkata and Bhubaneswar to enable bright young minds gain access to the world-class IMI management pedagogy.

The Institute

IMI Kolkata

The IMI Kolkata campus is centrally located at Alipore and is equipped with state-of-the-art infrastructure, academic and residential facilities. The Institute offers not only a scholarly and professional ambience, but also a fulfilling campus life necessary for all-round development of the student. The campus buildings are separated into an academic block and a residential block. The academic block is centrally air-conditioned with spacious lecture theatres, equipped with the latest audio-visual teaching aids. The residential block houses single-occupancy hostel rooms for the students.

Ethos

IMI Kolkata aims at shaping brilliant minds, equipping them with skills to lead national and global organizations. The Institute is devoted to the task of building a pool of next-generation entrepreneurs, managers and leaders with unwavering commitment to ethical behaviour and unfaltering concern for the conservation of natural resources and the environment. The Institute inspires its students to strive for thought-leadership in a number of specialized areas through Centres of Excellence for advanced research and consultancy. The Learning Resource Centre has been created as a specialized training cell to make academics and field-work based research integral to the Institute. The Management Development Programme Division contributes more effectively to the professional growth of managers and administrators. A RP-Sanjiv Goenka Group initiative, IMI Kolkata enjoys strong support from the highly respected business group that has a passion for nurturing tomorrow's leaders.

Message from the Director

Dear Recruiters,

It gives me immense pleasure to invite you to participate in the placement process of International Management Institute Kolkata (IMI Kolkata) which is one of the three Chapters of IMI, India's first corporate-sponsored business school. The information presented here is a part of our continuing endeavor to serve the industry and the corporate world.

We are glad to inform you that IMI Kolkata's flagship Post-Graduate Diploma in Management (PGDM) Programme is accredited by the National Board of Accreditation (NBA) with effect from 2016. The programme is internationally accredited by AMBA. We are also active member of EFMD and AACSB. The programme is also accorded equivalence with Master of Business Administration (MBA) degree by the Association of Indian Universities (AIU).

The past disruptions have affected firms widely. It is important for managers and other stakeholders to recognize the characteristics and patterns of disruptions, as undesirable outcomes may be caused if such patterns are not identified and understood. It is believed that with access to knowledge and technological advances, managers may be able to assess firms' investment opportunities appropriately to mitigate the most material risks. IMIK's academic objectives are mostly in the light of preparing our students to face up to the many disruptions we often observe in businesses.

I am privileged to invite you on campus for the placement process of PGDM batch 2022- 24. With their dynamic contributions, our past batches of students have already been able to make a mark in the companies in which they were placed. As the PGDM batch 2022-24 embarks on its journey to take significant responsibilities in the professional world, I assure you a rich IMIK experience. I am confident that our students will contribute to the development of your highly esteemed organization leading to long-term association and synergy among us.

Message from the Head - Placements, Corporate & Alumni Relations

Dear Recruiters,

Greetings from IMI Kolkata!

I invite you to the new placement season of IMI Kolkata. We at Corporate Relations and Placement Department facilitate industry-readiness activities of the students and make sure they get placed in the best of both national and international companies.

Our eminent faculty members who nurture our management graduates develop industry oriented and industry relevant course content. We also invite senior executives from the corporate world to ensure that students are provided with the right mix of theory and real world issues. The academic rigor coupled with live projects, internships and cocurricular activities has made IMI students deliver superior quality at work.

We would also like to appreciate our Director, Faculty, Staff and all Placement Committee Members for their tireless perseverance and efforts, which have resulted in the progression of the Institute in all areas.

We are looking forward to establishing a more profound, more robust and mutually beneficial relationship with your esteemed organization. Looking forward to your active participation in our upcoming Summer Internship and Final Placements Process.

We thank you for the tremendous faith that you have shown in us.

Live Projects

Experiences are what shape students and prepare them for the corporate world. At IMI Kolkata, the students get innumerable opportunities through Live Projects with renowned companies and in different domains such as sales, marketing, finance, and human resource. These Live Projects help students get industry exposure by putting forth their theoretical knowledge to practice, and in the process engaging in activities that aid in developing the business acumen

Industry Visits

The day-long field visits that are conducted to various organizations such as Spencer's Retail Ltd. (Collection Centre and Distribution Centre), PCBL, Jayashree Textiles (Aditya Birla Group), Too Yumm, Century Ply Limited etc., give the students an opportunity to familiarize themselves with the ground-level practices. It provides them with a better understanding of the dynamics of the work place and also serves as a platform to interact with the managers and executives from the respective companies.
